

HEBER CITY NEWS

July 2010

MAYOR'S MESSAGE by Mayor Dave Phillips

I had the occasion to visit recently with Ezra Segura, Administrator, Heber Valley Medical Center, and Amy Tuddenham, Public Relations. They gave me an overview of the Medical Center's programs, and we discussed ways we might coordinate local healthcare programs with the good citizens who live in Heber City. They want to be the best neighbor and partner they can be with all of us in Heber City and the community at large. In the next couple of weeks, Intermountain Health Care will be breaking ground at this site on the construction of a new Women's Diagnostic Center. This Center is designed to cater to the special healthcare needs women in various stages of life may experience. The Center will house ultrasound, digital mammography, bone densitometry, and ultrasound guided biopsies, among other services. The open house is scheduled for December 3rd of this year.

I remember Randall Probst (former administrator) telling me that when the Medical Center was planned, they knew the demand on their services would increase in the years ahead, and provisions were made at that time to allow for expansion at this facility. Since its original construction, expansion has taken place and this new Women's Diagnostic Center is another example of how their planning for the future will pay rich dividends for our community. I appreciate very much the time Ezra and Amy took to provide an overview of the Heber Valley Medical Center and discuss with me the many programs and services they provide to us locally.

HEBER CITY POLICE DEPARTMENT NEWS RELEASE

Heber City has been experiencing a surge in residential and business burglaries during the last month. This is a common occurrence for summer and neighboring cities are having the same problems with crime.

Please be vigilant in your neighborhoods. Lock all doors and windows, and meet with your neighbors regularly to watch out for each other when you might be gone. Call the Police Department immediately upon observing any suspicious activity at 435-654-3040.

Many of the burglaries are occurring during daylight hours. It is possible that suspects might pose as trades people such as service, delivery, or door-to-door salespeople. In Heber City, legitimate door-to-door salespeople must carry Heber City Business License ID cards visible on their persons. Please ask to see these credentials and do **not** do business with someone who does not have them. Please contact the Police Department immediately if unlicensed salespeople are in your neighborhood.

Putting forth an extra effort to secure your homes and yourselves against criminals is often all it takes to avoid being a victim.

TIPS FOR A SAFER RESIDENCE

- Keep trees and shrubs closest to the house to a minimum.
- Install an alarm system. It doesn't have to be elaborate.
- Lock doors and close windows, even when you'll only be gone a few minutes. Criminals often watch houses for people leaving, and then make their move.
- Install window locks (\$.75 each)
- Tell a trusted friend to watch your house when you are on vacation. Have them bring in the newspaper daily and turn the porch light off during the day and on at night.
