## *September 2011*

### **MAYOR'S MESSAGE** by Mayor Dave Phillips

School has started and it is a good time for all of us to remember traffic and sidewalk safety. A Heber resident wrote me recently concerning the intersection at 600 South and 270 East. This new road (leading from 600 South to 1200 South) goes to the high school, Library and Senior Citizen Center and carries a significant amount of traffic going both directions. The City is always interested in safety on its roads and pedestrian traffic, and we appreciate input from our public. Heber City sponsors crossing guards in key locations throughout the City. Children (and some adults, too) don't always use cross-walks as they are laid out, and sometimes don't even walk on the sidewalks.

A word of caution is needed concerning driving in these more congested areas. Parents, if your children are driving to and from school, please remind them that the intersection mentioned on 600 South is one where extra care and caution should be shown, and to use caution wherever they are driving. Parents and adults (all of us), we need to heed the same warning. A large amount of the traffic generated in this area involves high school students. Please remind your youth with drivers' licenses to be especially careful in this area as students are crossing the street in more than one direction.
