## D. Demolition Dates

Please specify the dates when you will actually begin and end the demolition activities. These are the days that you will start the demolition and end the demolition (including the removal of all demolition debris) and it is **NOT** a window of opportunity when you **MAY** be demolishing the structure. If necessary, estimate the end date using your best professional judgment and revise the notification form, if necessary. Revisions to the Demolition Notification Form can be made without charge. Include all days you will be working on the project. If the demolition activity start/end dates and/or work days change, you must notify the UDEQ/DAQ with a revised Demolition Notification Form no later than the day before the change (no telephone call required), or by telephone/email (asbestos@utah.gov) the day before the change and a Demolition Notification Form revision must be submitted to the UDEQ/DAQ no later than the day of the change.
